Hi Steven,

Just a follow up to thank you again for a truly magical show! All of the children and Moms were delighted! It was the perfect ending to a fabulous day and I thank you very much for doing such a spectacular job. It is very obvious that you love your work and I want you to know that I appreciated all of your efforts...especially giving Stephen & Brian some extra attention afterwards....they felt very special for that...so thank you again! I know that I will be in touch in the future!

Most sincerely,
