Hi Steven,

Thank you for making Victoria's first communion an extra special event. All of the children enjoyed the show immensely and the adults had a great time. As a matter of fact I had a few adults without children at the party and they were having as good of a time (if not better) as the kids! There were some really loud big belly laughs coming out of children and adults!

I have to thank you for making Rebecca feel as important as Victoria, and including her in your act. It is hard for a six year old to have all the attention placed in her sister, so thank you for that.

All of the parents commented in how wonderful it was that you taught the kids some tricks, and that they all come out with something to bring home with them.

Once again, thank you and I am sorry that you did not get to eat anything.
